OVER RELATIONS
WITH AMERICA**

Feared That Great Britain May Support the United States in Far Eastern Policy.

**URGE UNBROKEN FRONT
ON PEOPLE OF JAPAN**

Newspapers Defend the Occupation of Russian Island and Say American Protest Won't Be Heeded.

Tokio, August 3.—(By the Associated Press.)—Special dispatches from the United States describing the recent conference held at the American state department between Secretary of State Clegg, Sir Auckland Geddes, British ambassador to the United States, Roland Morris, American ambassador to Japan, and Sir Basil Francis Alston, the British minister to China, at which the general situation in the Far East was discussed, and the suggestion in some of the dispatches that Great Britain is showing signs of joining the United States in her Far Eastern policy, have served to increase the nervousness here over Japanese-American relations.

Leading newspapers devote lengthy editorials to discussion of the situation and generally demand that the Japanese people show an unbroken front. The Nichi Nichi thinks the trouble with Japan's diplomacy lies in the fact that the authorities are "excessively timid and over-considerate of the feelings of other countries." They should take resolute action on their own responsibility, the newspaper says.

No Cause for Concern.

Some Americans, adds The Nichi Nichi, interpret occupation of Sakhalin as a gratification of territorial ambition, but if any Japanese are harboring such ambitions they are merely old-fashioned imperialists. Even if such men exist, it asserts, it is no cause for concern, because the militarists who once threatened to control the foreign policy are now influenced by public opinion.

The Hochi Shimbun declares the country should not belittle the importance of the American communication regarding Japanese occupation, which the newspaper considers virtually a protest.

"Japan's vacillating diplomacy," it asserts, "has often brought contempt on Japan, particularly with regard to America."

While deprecating rage over the American protest, The Hochi Shimbun says:

"Let us urge no yielding to a protest based merely on suspicious imagination. We are anxious to see the problems of Japan and America settled amicably, but there is a limit to our patience. If things become unbearable a state of affairs may occur regrettable not only so far as Japanese-American relations are concerned, but for the peace of the world. We hope the authorities will abide by the causes of justice and fear nothing."

**PET CANARY BIRD
GIVEN A FUNERAL
AT A COST OF \$400**

Newark, N. J., August 3.—A crowd, estimated by the police at 10,000 persons, thronged the streets of the city tonight to witness the funeral of Jimmie, the pet canary of Emilio Russomanno, 65-year-old cobbler. Police reserves were called out to preserve order and clear the streets for the funeral cortege. Jimmie, described by its owner as possessing "a song as sweet as the voice of Caruso," choked to death Sunday on a watermelon seed.

Leading the procession was a band of 12 pieces, playing funeral dirges, followed by a hearse, bedecked with flowers and carrying a small white coffin in which the bird's body reposed. The old cobbler, tearstained and visibly affected, rode in a coach with a few intimate friends.

The cost of the bird's funeral, estimated at \$400, was contributed by the cobbler's friends. When Jimmie died, the old cobbler drew the blinds of his shop, hung out a sign "closed on account of Jimmie's death," put crepe over his door and went into deep mourning.

A tombstone, in the shape of a cross with a canary bird in the center, will be erected over the bird's grave near Branch Brook park, the cobbler said.

"He sang, ah! so sweet—like Caruso!" sobbed the cobbler, as the little plush-lined casket, 8 by 12 inches, was lowered into the grave. He plans to erect a monument later.

**ILLNESS OF JESSUP
PRIVATE IS BLAMED
ON WOOD ALCOHOL**

Private Charles G. Perkins, of the motor transport corps, Camp Jessup, is in a critical condition at the base hospital at Fort McPherson, as the result of alleged wood alcohol poisoning, and four negroes suspected in connection with the sale, are now being watched by City Detectives Armstrong and Brown.

Private Perkins, who was in a semi-conscious condition most of the time Tuesday, and who could not speak, made a written statement in which he is said to have informed officials that Tuesday morning he purchased a quart from a negro on Peters street.

Immediately upon his return to the camp, about 10 o'clock Tuesday morning, he became violently ill and had one convulsion after another. He was rushed to the base hospital for treatment.

**BRITAIN BUYING
PAPER CLOTHING
FROM GERMANY**

Washington, August 3.—Great Britain, in an attempt to lower the cost of men's clothing, is importing large quantities of paper suits from Germany, the American Chamber of Commerce in London reported today to the department of commerce.

These ready-made suits are cut to English styles, the report says, and are of the very best paper texture. Retailers are selling the paper garments at from 46 cents to \$1.95 a suit. Last month 40,000 paper suits were imported into England from Germany via Holland, and further consignments are expected at frequent intervals.

Agents dealing in the suits declare that by buying under the present rate of exchange prevailing between Great Britain and Germany, it is possible for a man to purchase a new suit each week, and that, over a period of twelve months the entire cost would be less than the price of one British-made woolen suit.

South and West Ireland to Boycott North Ireland for Expulsion of Catholic Workmen From Belfast Plants.

**RIGID BAYONET RULE
PROPOSED BY BRITAIN**

Measure Before Parliamentary Courts Shall Take Over the Duties of Civil Tribunals.

Dublin, August 3.—(By the Associated Press.)—Indications of an outbreak of economic war between north and south Ireland are increasing as a result of the expulsion of Catholic workmen from shipyards and other industrial concerns in the north by their Protestant fellow workmen. It is thought in some quarters that this will be the next move to add to the already great embarrassments of the country.

Some western towns already are threatening a boycott against Belfast goods. It is said, and there is danger of this policy spreading into other trades, including the banking system, which, hitherto, has been one of the few bonds between the north and south. Ulster, especially, fears this action, as much of the capital which supports northern industries comes from the south.

The Irish Times points out that such a boycott is quite practical, as southern and western Ireland are better organized now than at any other time in their history.

"The boycott," says the newspaper, "would inflame political strife and would beggar many departments of industry. It would prove that the rest of Ireland cannot dispense with Belfast any more than Belfast can dispense with the rest of Ireland."

**OUTRAGES OCCUR
AT VARIOUS PLACES.**

Dublin, August 3.—(United News.)—Blindfolded and placarded with the letters "S-P-Y," the body of a man who had been shot was found Tuesday at Clonsilla.

This was but one of a series of outrages that occurred during the day in widely separated parts of Ireland. The total casualties, as far as could be learned, were six.

Three soldiers were wounded at Holywell, when a party of nine troopers guarding a motor lorry were attacked by rebels.

Two soldiers were shot near Thurles when the motor lorry in which they were traveling was held up.

A mail train was halted between Belfast and Cavan, and the official mails it was carrying were ransacked by the attackers, a great deal of it being confiscated.

The courthouse at Skibbereen was burned to the ground, and the Flinagh police station, not far from Dublin, met a similar fate. At Rosslare the coast guard station was raided and its signaling apparatus was seized.

**J. G. Perry Scores Dr. Bush
For Attending Conference
While Hostile to Dorsey**

Jesse G. Perry, a prominent Mitchell county lawyer, and well-known in every section of Georgia, yesterday addressed a letter to Dr. O. B. Bush, representative of Mitchell county, in which he quoted Dr. Bush as telling him months ago that he "never expected to support Dorsey for anything," and offering to bet him \$1250, the wage to go for charity, that the governor would be better than third in the race in that county.

This letter follows the action of Dr. Bush in attending a conference of the governor's friends, held at the mansion, at which his senatorial race was discussed, and his letter to The Atlanta Journal, in which he stated that he was a personal friend of the governor, and had never before supported Senator Hoke Smith.

Two Friends of Dorsey's.

In this letter he says: "I do not see how you could have consistently accepted an invitation to a conference as one of Governor Dorsey's personal and political friends, in view of your feelings towards Governor Dorsey. You will remember that you stated to me in private conversation several months ago that you never expected to support Governor Dorsey for anything, and you said some rather hard things about the governor at that time. Feeling that way you certainly could not have attended the conference as a friend of Governor Dorsey's. What motives prompted you in attending this conference, I am at a loss to know."

Letter of Mr. Perry.

The letter of Mr. Perry to Dr. Bush is as follows:

"Hon. O. B. Bush, House of Representatives, Atlanta, Georgia.

My Dear Sir:

"I have just read your letter in The Atlanta Journal in regard to the senatorial race and, pledging your all to Senator Smith, and stating further that Governor Dorsey will be the third man in the race in our section of the state."

"I regret very much that you saw fit to write this letter, as it will undoubtedly injure your chances for re-election to the house next year. You know I am your friend and want to see you re-elected. But I am frank to tell you that I believe much as I may like you, I will defeat you in Mitchell county."

"I note you say that Governor Dorsey is the third man in the race in our county. Now, Doctor, your opinion may be worth as much as mine, but I am willing to back mine up with this proposition: I will post \$250 to be given to any worthy charitable cause if Governor Dorsey shows up better than third in the race in Mitchell county, if you will post an even amount to be given likewise in case Governor Dorsey shows up better than third."

"I do not see how you could have consistently accepted an invitation to a conference as one of Governor Dorsey's personal and political friends, in view of your feelings towards Governor Dorsey. You will remember that you stated to me in private conversation several months ago that you never expected to support Governor Dorsey for anything, and you said some rather hard things about the governor at that time. Feeling that way, you certainly could not have attended this conference as a friend of Governor Dorsey's. What motives prompted you in attending this conference, I am at a loss to understand."

"Isn't it a fact that you supported and voted for Senator Smith in his race for president last April?"

"Very truly yours,"

J. G. PERRY.

**BOYKIN NOMINATED
AS STATE SENATOR**

Lincolnton, Ga., August 3.—(Special.)—James H. Boykin was nominated today for state senator over W. B. Crawford, and J. M. Price for representative over the present incumbent, J. M. Busey. Their candidacy was submitted for vote in the county primary.

**GORE IS LOSING
IN OKLAHOMA**

Partial Returns Show That Scott Ferris Has a Good Lead for the U. S. Senate.

Oklahoma City, Okla., August 3.—A tabulation by The Daily Oklahoman at midnight of returns from 810 precincts from 55 of the 77 counties in the state gave: Scott Ferris 41,500 votes for the democratic nomination for United States senator and Senator Thomas P. Gore 25,507 in today's state-wide primary. There are 2,708 precincts in the state.

Twenty-three precincts in Oklahoma county (Oklahoma City) completed unofficial gave: Ferris 2,730, Gore 738.

On the face of returns the Ferris headquarters gave out a statement claiming the nomination for Ferris by a majority of more than 40,000. The Gore headquarters declined to make any concessions, declaring that when the county precincts were heard from the Ferris majority would be wiped out.

**SPENCER AND LONG
LEAD IN MISSOURI.**

St. Louis, Mo., August 3.—On the face of meager official returns John M. Atkinson and Arthur M. Hyde were leading for the gubernatorial nominations on the democratic and republican tickets respectively and Senator Selden P. Spencer, and Breckinridge Long for the respective republican and democratic nominations for United States senator.

Two hundred and seventy-five scattered precincts gave for Governor Atkinson (democrat), 8,724; Davis (republican), 1,967; Minnis (republican), 577; Long, (democrat), 2,504; Priest (democrat), 1,522; Hay (democrat), 933.

**CURTIS AND ALLEN
LEAD IN KANSAS.**

Topok, Kan., August 3.—Scattered early returns from today's statewide primary election indicate United States Senator Charles Curtis, Governor Henry Allen and Representative Curtis are leading their respective opponents.

The democratic returns up to a late hour were not sufficient to form any estimate of the strength of the four candidates for the nomination for governor, Jonathan Davis, E. Hyatt, Dempster Potts and O. T. Wood.

George H. Hodges was nominated for the United States senate without opposition.

**"WET" CANDIDATE

Norfolk, Va., August 3.—By a majority of more than 2,000 votes, T. Deal, of Norfolk, member of the Virginia state senate, today defeated W. J. Kendrick, of Suffolk, for the democratic nomination for congress in the second district. Deal's victory is hailed by the wet political element as a signal demonstration of their contention that the pendulum has swung back since 1916, when the second district voted for prohibition in the election which made Virginia dry.

The liquor question was practically the only one on which there was any material difference in the platforms of the candidates. Mr.

**NEW RAIL RATES
NOT EFFECTIVE
UNTIL AUGUST 26**

Decision to Postpone Reached Because of the Work Involved in Preparing the Blanket Schedules.

**RATES MEAN REVENUE
FOR THE GOVERNMENT**

\$100,000,000 Annually Expected From Increased Transportation Taxes and \$10,000,000 Annually From Income Tax.

Washington, August 2.—New rates and passenger fares will be made effective August 26 instead of August 20, for passenger fares, and August 25 for freight tariffs, railroad officials announced tonight.

At the same time it was announced that the American railroad would ask the Canadian railway commissioners for permission to make the new rates effective on transportation from the United States to the Dominion.

Reason for Delay.

Decision to postpone the putting into effect of the advanced charges, authorized last Saturday by the Interstate Commerce commission from the rates announced yesterday, was reached tonight after tariff experts of the carriers had informed Alfred P. Thom, general counsel for the association of railway executives that it would be impossible to have the blanket schedules ready before August 21.

Under the orders of the commission new schedules must be filed five days before they become effective. Application of the new schedules to transportation to Canada, officials said, will mean that shippers will pay freight charges under the new schedules must be filed five days before they become effective.

As through more than one group before crossing the line, in which case the inter-territorial rate which is to be advanced thirty-three and one-third per cent, would apply.

Canadian railways, it was said, will apply to the interstate commerce commission for authority to make the new charges effective on transportation from the Dominion into the United States.

\$100,000,000 for Government.

Increased revenues, officials estimated at \$100,000,000 annually will accrue to the treasury as a result of the advance in transportation rates allowed the railroad. The added income for the government, officials said tonight, would be derived from increased transportation taxes which are paid by the public as well as through operation of the income and excise provisions of the revenue laws.

Transportation taxes for the fiscal year ending June 30, aggregated approximately \$231,000,000. This sum was made up from the 3 per cent tax on freight charges amounting to \$125,000,000, the 3 per cent tax on passenger tickets supplying \$100,000,000 and the 1 per cent tax on Pullman charges producing \$6,000,000.

Should railroad traffic continue at its present volume, all of these

**Red Russian Wave
Whelming Poland;
Warsaw in Danger****NEUTRAL STAND
BY UNITED STATES**

Government Officials Are Considering Polish Disposition, But Show No Inclination to Interfere.

Washington, August 3.—With the desperate plight of Poland emphasized in dispatches foreshadowing the imminent fall of Warsaw and telling of the proclamation in Polish districts of a soviet government, the position of the United States toward the swift development of events in Europe today engaged the serious consideration of officials of the government.

Despite reiterated appeals to the United States government by Poland through its minister, Prince Lukomirski, for extension of moral, if not material aid, there has been evidenced as yet no disposition shown among officials to reflect a departure of the United States from the neutral position assumed at the beginning of hostilities between Poland and Russia.

Officials have held that inasmuch as the present conflict originated from causes to which the United States was not a party, this country should continue its present position. Whether the United States might be moved to depart from this position of aloofness in the event of anything approaching a crisis in the relations of Russia towards Europe officials refrained today from indicating.

Upon one occasion, at least, it was recalled, this country was moved to take a hand in behalf of Poland in insisting that Czechoslovakia impose no obstacles to transportation through her territory of supplies destined to Poland. At the same time, however, this action was defended on the ground that the supplies were purchased from this country by Poland prior to the outbreak of hostilities with Russia.

There also was recalled the declaration of war made against the United States by the soviet government in a wireless proclamation upon the entrance into Russia of the American expeditionary force. Such a state of war was never recognized by this government.

**SENATOR HARDING
PROVES TO PUBLIC
HE'S REAL PRINTER**

Marion, Ohio, August 3.—Senator Harding, the republican presidential nominee, is going to prove to the public that he is a real printer. Today he threw aside his coat, rolled up his sleeves and "made up" the first page of his paper while motion picture machines recorded his actions.

All work at the newspaper plant suspended while the pictures were being made, and employees gathered about to see their boss working while they loafed. The senator kept up a rapid fire of conversation with his foremen while at work.

Pictures also were made of him inspecting an edition just as it came from the press while the press was running. Senator Harry S. New, of Indiana, was included in the picture.

Russians Send Polish Delegates Back to Warsaw to Get More Authority—Believed Russians Intend to Occupy Warsaw and Dictate Merciless Peace.

London, August 3.—(United News.) Throwing back the Polish armies on the Warsaw-Lemberg fronts, the bolsheviks have advanced to within forty-eight miles of the former city, according to official statements from Moscow. French foreign office advisers and information received in diplomatic quarters here today.

While striking vigorously for the Polish capital and for the rich Galician oil district around Lemberg, the bolsheviks have so delayed the conclusion of an armistice that it is doubtful whether one can be negotiated before both Warsaw and Lemberg have fallen into their hands. Then it is believed they will impose a merciless peace on the battlefield, one which will reduce Poland to a vassal state.

Scenes at Grant Park Pool---One of Two Assailed by Dr. C. A. Ridley in Sermon

Flashlight photo by Francis E. Price, staff photographer.

City council and park board officials have declared absolutely without foundation the charges of immorality in the conduct of the municipal bathing pools made Sunday night in a sermon by Rev. C. A. Ridley, and the large number of patrons who nightly enjoy the pools indignantly deny the minister's assertions. Here are shown some of the bathers at Grant Park, as revealed by the flashlight. On the left, from left to right: Miss Thelma King, of 303 Atlanta avenue; Miss Eva Mills, of 23 Augusta avenue and Miss Sam Muller, of 15 North Moreland avenue. In the center, a typical group of bathers, includes both sexes and all ages; right: Miss Gladys Patterson, of 375 Pulliam street, just after she left the pool.

land—the "buffer" between the reds and western Europe—to the estate of a mere bolshevik province.

Poles Told to Go Back.

The Polish armistice delegates, according to a wireless message from Moscow, were authorized only to discuss armistice terms. The bolshevik representatives demanded that they agree to final peace terms. When the Poles said they had no power to do so, the reds told them

to go back to Warsaw and get the necessary authority.

The Polish delegation started for Warsaw on Monday. The next meeting was scheduled to be held at Minsk, far behind the bolshevik lines, on Thursday. It was considered exceedingly doubtful that the premier, Witto, and the Polish cabinet would empower the delegates to agree to peace terms at a conference held virtually on the bat-

tlefield, at least not until after the advice of France had been asked. France and Poland want to have the peace discussed at the London conference when the entente nations will be represented, as well as the border states, and the bolsheviks can be put on the defensive, in the attitude of pleading for recognition. The reds themselves, however, having repeatedly defeated the Poles, evidently want to dictate a victorious peace while their defensive is still in full career, and take up the question of recognition in the London conference later when the soviet power and prestige has been greatly increased by the victory over Poland.

Capture of Brest-Litovsk.

The capture of Brest-Litovsk, which has been unofficially reported for several days, was officially announced today by Moscow. The important border fortress fell Sunday, when the reds stormed it. Having made this breach in the Polish front before Warsaw, the bolsheviks continued their attacks and the first and fourth armies, part of the northern group of armies commanded by General Halier, were disastrously defeated. Closely following their retreat, the reds advanced to a point within forty-eight miles of Warsaw, their cavalry scouts riding down along the east Prussian frontier to cut in behind the capital if possible.

A counter offensive, launched by the Poles near Brody, on the Lemberg front, broke down a few hours after it started. This effort was organized by French officers. After its collapse the Prussians again assumed the aggressive in that theater and regained all lost ground. The Red Cross has advised its women workers to leave Warsaw, as the city is preparing for a siege.

Allies Aroused to Action.

The apparent breakdown of the peace negotiations between Russia and Poles has aroused the allied governments to an attempt to make good on their promise of military aid to Poland.

A supreme effort is to be made to save Warsaw, menaced by the advancing red force.

General Weygand, who is acting as adviser to the Polish general staff, is rapidly putting into effect the plans of co-operation previously agreed upon.

The foreign office regards the chance of an agreement on an armistice as slim. Meanwhile 600 French officers and from 200 to 300 British have arrived in Poland and large quantities of war materials are en route.

The bolsheviks are swiftly driving two wedges through the fragile Polish lines, one to the north in the direction of Lomja and another in the center toward Brest-Litovsk. The southern wing seems to be holding somewhat better.

While the military situation is regarded as most serious, the foreign office has not yet abandoned hope of saving Warsaw.

It was learned officially by the United States that negotiations will be broken off with Krassin and Amenoff, bolshevik representatives in conference here, if the soviet government indicates a purpose to obliterate autonomous Poland. The red emissaries would be asked to leave, and the entente threat to blockade Russia would be carried out immediately.

Must Observe Versailles Pact. On the other hand, there would be no objection from England if the Poles and Russians should negotiate a peace without reference to the London conference, so long as the treaty of Versailles were observed.

It was stated positively that the entente would not declare war on Russia, regardless of the outcome of the Polish-Russian campaign.

of the Polish-Russian campaign. But if the terms offered Poland were to require the bolsheviks to "the most powerful assistance" would be extended. Russia would be isolated, and the policy of economic strangulation would be intensified.

RUSSIANS ADVANCE ALL ALONG THE LINE.

(By the Associated Press.)—The breaking off of the negotiations between the Poles and the bolsheviks out of which it had been hoped would come an armistice and the early cessation of hostilities was due to a misunderstanding, according to the content of the Russian soviet authorities in wireless dispatch received here today. The latest communication from Moscow suggests that negotiations both for an armistice and for peace, be held in Minsk.

It asks that the Poles send a delegation to Minsk invested with all the necessary credentials to negotiate for peace.

The Poles contend that it will be a physical impossibility for them to comply with this proposal.

Russians Press Attack.

While the Poles delegates are retreating their steps from Baranovitch, where the conference with the bolsheviks ended before the bolshevik troops are reported everywhere to be pressing their attacks on the entire battle line, the Russian soviet authorities are reported to be pressing their attacks on the entire battle line, the Russian soviet authorities are reported to be pressing their attacks on the entire battle line, the Russian soviet authorities are reported to be pressing their attacks on the entire battle line.

Brest-Litovsk, the last great fortress guarding Warsaw from the east, fell Sunday. The Russian soviet authorities are reported to be pressing their attacks on the entire battle line, the Russian soviet authorities are reported to be pressing their attacks on the entire battle line, the Russian soviet authorities are reported to be pressing their attacks on the entire battle line.

Over a front of 120 miles Polish armies are being pounded to pieces before the rush of bolshevik hordes, which are being hurled into the battle in a desperate attempt to capture Warsaw. Reinforcements are everywhere being hurried to the front by the Russian soviet authorities.

The defeat of the Poles before hostilities are halted.

On the northern sector, soviet troops have advanced and have reached the region of Ostrovensk, which is but 84 miles from Warsaw. Cavalry regiments form the extreme tip of the soviet wing of the advancing bolshevik line and here, too, fresh forces are being brought up.

It is estimated that already about 120 American soldiers and sailors have left Warsaw, most of the proceeding to Danzig. Many women workers, however, are attending to their customary duties.

Applications for passport visas by persons wishing to leave Warsaw have more than doubled at the

American consulate since the beginning of the soviet offensive. Crowds jammed the streets near the consulate on Sunday, and extra gendarmes were stationed there to maintain order and to divert traffic to other streets.

A war measure, the military authorities have prohibited the sale of alcoholic beverages, with the exception of beer, in the Warsaw district.

SOVIET FORMED IN PARTS OF POLAND.

London, August 3.—A provisional soviet has been formed in parts of Poland that have been occupied by soviet troops, according to a wireless message received here from Moscow today.

Julian Maalevsky is chairman of the newly formed body, adds the dispatch.

The new soviet has issued a manifesto to the laborers of Poland, exhorting them to rise "against the bourgeoisie, land-owner government."

The manifesto declares that a soviet government is the only possible through soviet of the workers.

Evans-Carhart Wedding Beautiful Church Ceremony

Montgomery, Ala., August 3.—(Special.)—A marriage in which much interest is centered in Montgomery and throughout Alabama and Georgia, is that of Miss Sara Evans, daughter of Mr. and Mrs. James Diver Evans, of Montgomery, and Mr. Louis Hawkes Carhart, of Atlanta, Ga., which was brilliantly solemnized this evening at 7 o'clock at the First Presbyterian church.

The interior of the church was artistically decorated in traceries and standards filled with white tulle, and the altar was adorned with candles holding white burning tapers, which cast a soft glow over the bride and groom.

Proceeding the ceremony an elaborate musical program was rendered by Mrs. J. C. Haygood, organist, and Miss Amelia Fingus, violinist.

To the strains of the bridal chorus from Lohengrin, the procession entered the church, led by the bridesmaids, Mr. H. C. Crenshaw, Mr. John Tullie, Mr. Eugene Cooner, and Mr. Frank Mosely. They were followed by the bridegroom, Mr. Louis Hawkes Carhart.

The bride, Miss Sara Evans, was dressed in a gown of white tulle, and carried a bouquet of white orchids, tied with orchid ribbon.

Next came the matrons of honor, each wearing a gown of white tulle, and carrying a bouquet of white orchids, tied with orchid ribbon.

The bridegroom, Mr. Louis Hawkes Carhart, was dressed in a suit of black broadcloth, and carried the ring on a silver tray.

The bride was given in marriage by her father, Mr. James Diver Evans, and they were met at the altar by the groom and his best man, Mr. Chancy Butler, of Atlanta, Ga.

Don't Be a Slave to a Wasteful Heating Plant

All Bottom Draft Furnaces waste from one-third to one-half of the fuel gases, because they escape unburned up the chimney.

Install a Cole's Hot Blast Fuel Saving Warm Air Furnace, which burns the gases wasted by all other Furnaces, and reduce your fuel bill from one-third to one-half.

Installed any place, town or country—in a new or old house—and installed either as a pipeless or a pipe system, depending on the requirements of your building.

We fit the Heating Plant to your building. A phone call or a letter will bring our Heating Engineer, who will give you an estimate on your Heating Plant.

PLAN TO OPERATE COMPRESS PLANT

New Directors Named for Big Willingham Concern, and Headquarters of Shippers' Compress Moved Here.

Macon, Ga., August 3.—(Special.)—Electing a new set of directors largely composed of Atlanta business men, voting to remove headquarters of the concern to Atlanta, and expressing confidence that they will be able to keep the company, in which Richard F. Willingham was interested in operation under practically normal conditions, stockholders of the Shippers' Compress company met late this afternoon here.

The first meeting of the new directors will be held in the Candler building in Atlanta at 10 o'clock Wednesday morning, at which time permanent officers will be chosen and complete arrangements for the

resumption of business under the reorganization will be perfected.

Directors Chosen.

Directors chosen, who in turn will select the officers are: A. P. Coles, Atlanta; T. E. Fugate, vice president and general manager of the Shippers' Compress company, Macon; D. T. Manget, Atlanta, member of the firm of Manget Brothers, cotton exporters; J. J. Williamson, Atlanta, head of the firm of J. J. Williamson company; Frank Barrett, Augusta, head of the firm of Barrett Brothers; George Strickland, Atlanta, head of the firm of Inman & Howard; cotton exporters; E. A. Naman, Atlanta, local manager of the Anderson-Clayton company; J. B. Glover, Savannah, of the firm of J. B. Glover & Co.; J. A. Manget, Atlanta, with Manget Bros.; J. T. Jennings, Atlanta, of McFadden Bros.; George Strickland, Atlanta, with Strickland-Jordan company; J. P. Woodall, Augusta, with Weil Brothers.

Petitions Filed.

While this meeting was going on in the general offices of the Shippers' Compress company in the Willingham warehouse, on Third street, three petitions in involuntary bankruptcy against the Willingham warehouse were before Referee in Bankruptcy J. N. Talley, asking that a receiver be named for the Willingham warehouse. T. D. McRitchie, of Newnan, who has been associated with the Shippers' Compress company, Jesse B. Hart, Macon, banker, and B. S. Deaver, Macon, lawyer, were named receivers for the warehouse property of Richard F. Willingham, and O. C. Hancock was named as attorney for the receivers. On Saturday J. A. Streyer, formerly general manager of the Macon, Dublin and Savannah railroad, and Jesse B. Hart, were named receivers for the R. F. Willingham corporation, the half-million dollar canning enterprise at Franklinton (old Camp Wheeler).

While these two features of the financial difficulties of Mr. Willingham were developing at different points in Macon, lawyers for Mr. Willingham appeared before Judge H. A. Mathews in superior court and obtained a temporary injunction against the receivers.

WASHINGTON PAPER IS OUT FOR DORSEY

News-Reporter Takes Splendid Stand in Ringing Editorial.

Washington, Pa., August 3.—(Special.)—A striking illustration of the cordial reception which the announcement that Governor Hugh Dorsey had decided to make the race for the United States senate to succeed Hoke Smith is receiving is found in the front page double column editorial carried this morning by The Washington News-Reporter.

In Georgia there are few of the weekly papers which are more alive to the spirit of the times than the News-Reporter. In the presidential primary The News-Reporter aggressively championed the candidacy of Attorney General Mitchell Palmer, and it is conceded that the local newspaper's strong advocacy of the Pennsylvania was largely responsible for the victory of Palmer over Hoke Smith and Tom Watson in this country, which until recent times has always been decidedly "pro-Hoke."

The News-Reporter sums up the political situation since Governor Dorsey's entry in the senatorial handicap, in part as follows: "For months Hoke Smith and his followers in Georgia have been

cherishing the thought that there was not a democrat in the state who would oppose him for his seat in the senate, and that his only opponent would be the Thomson demagogue; but that thought has faded into thin air, and a Simon-pure democrat, a young man who has been honored by his people and who has never violated a trust imposed in him, a man who sees his duty clearly and does it without flinching, is man who has made Georgia as good a governor as she ever had, and a man feared by both Watson and Smith, has announced his candidacy for the United States senate that the majority of Georgia democrats may have a candidate for whom they can vote in the fall election without holding their noses."

"As the standard bearer of that political faction in Georgia who believes in standing behind its president in times of danger, who believes in supporting the government of the United States in time of war, whether that government is right or wrong, who believes that men who play politics with issues that mean life or death to the nation have no place in the halls of legislation at any time, who desires that the great Empire State of the South shall take her place by the side of the other great states that go to guard

make up the greatest country in the world with head erect and not with eyes downcast in humiliation and shame, Governor Dorsey will have the support of a great majority of the people of Georgia."

"On account of the records of three men in Georgia and their pernicious political activities since the close of the war, some sections of the country are looking askance at us and thinking that our political complexion is more or less 'red,' but with Hugh Dorsey in the field to relegate Smith and Watson—and Holder or Walker to put the final akids under Hardwick—the assurance of reinstating Georgia in the place that is hers by will of her people is given."

"The News-Reporter unqualifiedly indorses the candidacy of Hon. Hugh M. Dorsey, governor of Georgia, for the United States senate, to succeed Hoke Smith."

CONCENSUS OF OPINION AT MEET WHICH INDORSES ADMINISTRATION.

Blairsville, Ga., August 3.—(Special.)—At a meeting of Union county democrats here yesterday to arrange for holding a primary to elect county officers, by unanimous vote the democratic administration was indorsed and this county pledged its votes to the Cox-Roosevelt ticket and to other candidates supporting the national platform.

From remarks made at the meeting it was indicated that Governor Hugh M. Dorsey will have little trouble in sweeping the county in the coming senatorial election.

Union county can be depended upon to vote loyally and solidly democratic, just as she gave A. Mitchell Palmer her presidential preference, vote with scarcely more than a dozen individual votes going to Smith or Watson.

amounts would be increased correspondingly with the advance permitted by the interstate commerce commission in its rate decision last Saturday. On this basis, officials of the bureau of internal revenue calculate the additional taxes will aggregate \$38,550,000 on freight, \$18,700,000 on passenger and \$3,500,000 on Pullman charges.

Another source of revenue would be from income taxes levied against the railroad corporations. Railroad executives expect many of the carriers to earn sufficiently large returns under the new rates to compel the payment of income taxes for the first time since pre-war days. It is from this source that the treasury expects to obtain a large portion of the \$400,000,000 of their \$100,000,000 estimate. Officials placed the amount from income taxes conservatively at \$30,000,000 a year.

have the effect of aggravating the anti-Japanese situation in California and will influence the minds of Americans generally. But the newspaper expects final congressional action will be based on equality and justice.

A member of the diplomatic council is quoted by The Yozou Chono as declaring that he cannot understand the note from America, as Japan has already stated occupation of Saghalien region would be merely temporary, until repatriation was made for the massacre of Japanese at Nikolaievsk.

"In the name of justice," said the diplomat, "Japan should determinedly carry out her announced program without hesitation and irrespective of protests from any foreign power. Japan's step is not contrary to international law; it is an act of justice and righteousness."

"BLUE-SKY" BILL PASSES SENATE

Strict Regulation of Sale of Securities in Georgia Is Provided by the Measure.

Strict regulation of the sale of securities in Georgia is provided in the "blue sky" bill passed by the senate Tuesday by a vote of 30 to 5. The measure has been set as a special order of the day and was passed by adopting the substitute for the original measure recommended

by the sub-committee of the house. The bill was introduced in the senate by Senators Dorris, of the 48th, and Kea, of the 15th. The same bill is now in the house where it is sponsored by Representative Pace, of Sumter. As provided in the original measure one securities commissioner was authorized but in the substitute as passed a securities commission of three is called for, to be composed of the secretary of state, the attorney general and the comptroller general. This commission has strict supervision over all applications from corporations desiring to sell stock in the state and no stock is to be sold without a permit from the commission. The commission is to make a rigid investigation of the financial standing of the corporations and the status of the stock offered for sale. All securities are to be put in three classes on the basis of the risk involved and the

regulations for the sale are to be formulated on this basis. Much "Wild Cat" Stock. Senators Dorris and Kea both spoke in favor of the measure, stating that its passage is recommended by the secretary of the state and they have not time to give these matters proper investigation at the present time. They declared that an alarming amount of "wild cat" stock is being offered for sale in Georgia and that in nine out of ten cases the victims were poor widows. A house bill by Representative Pace, of Sumter, was introduced at the same time. The following schedule of taxes were put on the dealers: In counties of less than 20,000, a tax of \$27.50; of between 20,000 and 30,000, a tax of \$55; of between 30,000 and 50,000, a tax of \$82.50; of between 50,000 and 75,000, a tax of \$110; of between 75,000 and 100,000, a tax of \$137.50; of between 100,000 and 150,000, a tax of \$206.25; of over 150,000, a tax of \$275. Three local house bills were passed to aid the town of West Point in food protection. The first authorized the West Point to increase its bonded debt \$750,000 above the regular limit. The second authorizes the city to acquire lands for the construction of levees and the third authorizes the levee commission for the city.

CENSUS TO CAUSE CHANGES IN HOUSE

Judge Covington Says He Will Try to Have Reap- portionment Fixed Be- fore 1920 Session Ends.

A telegram from Congressman Park, of the second district, to Judge Covington, representative from Colquitt county, gives the information that the census bureau has just mailed the governor's office a certified statement of the population of Georgia by counties. The document is expected to reach the governor's office today. Judge Covington said that as soon as the population statement arrives he would make an effort to have the general assembly at this session reapportion the legislative membership according to the 1920 census. Under the constitution of Georgia the six counties having the largest population are entitled to three representatives, the next twenty-six counties to two each, and all the remaining counties to one.

BAHNSEN IS EXPECTED TO TAKE STAND TODAY

Prominent Georgians Testify in His Behalf Before Leg- islative Committee.

Continuation of the probe being conducted by the investigating committee of the senate and house of the office of Dr. Peter F. Bahnsen, state veterinarian, Tuesday afternoon resulted in the introduction of a number of additional witnesses by the defense to testify that Dr. Bahnsen has been a great help to the state and has conducted his office properly. These witnesses brought out the same line of testimony that was submitted Monday, namely, that Dr. Bahnsen had not to their knowledge made a personal profit out of the sale of serum, that he has sold it at a price as low and in most cases lower than for which it can be secured from the manufacturers and that he has always rendered prompt, courteous and efficient service. It was also testified that the Fair Chance Dairy of Americus, run by

Dr. Bahnsen, was as clean as any dairy in the state and that high bacteria in milk is not necessarily due to dirt. The prosecution had charged Dr. Bahnsen with conducting this dairy in an insanitary manner. Among the witnesses taking the stand Tuesday, all of whom were summoned by the defense, were Lee Dance, of Eatonton; T. C. Crawford, of Greensboro; Willingham Tift, of

Tifton; James Morton, of Haddock; Tom Staten, of Valdosta, and Judge Max McCray, of McCray. It is probable that Dr. Bahnsen will take the stand when the committee meets again at 3 o'clock Wednesday afternoon. **JULY POSTAL RECEIPTS SHOW \$27,871.61 GAIN** Postal receipts for the Atlanta postoffice during the month of July

were \$209,582.46, it was announced Tuesday by Acting Postmaster George C. Rogers. The figures show an increase over the corresponding month for 1919 of \$27,871.61. The month of August will be the first under the direct administration of Mr. Rogers, as he did not assume charge of the postoffice until the latter part of July.

AN OPEN LETTER CONCERNING GEORGIA IN THE U. S. SENATE

By J. K. Orr

For over a hundred years Georgia has had cause to be proud of her representation in the United States senate. In every generation there has always been one outstanding man who, in brains, usefulness and power, has proven himself a power among the leaders of the nation. The names of Bob Toombs and Ben Hill are written high in the scroll of our country's roll of honor. For the last ten years another son, of gigantic mold, has kept the name and fame of Georgia to the fore. Senator Hoke Smith is conceded to be one of the six biggest-brained and most forceful men in the senate today. Indicative of his standing in the senate was the creation during the crisis of the war of an additional place on the committee on military affairs for the sole purpose of placing Senator Smith on that committee. Who that is familiar with the accomplishment of the last six years but must marvel at the universal success of every movement he espoused. Securing the federal reserve bank for Georgia against all sorts of odds was in itself a herculean task. At a hearing given in Atlanta it was evident that the leaning of the committee looked like Richmond and New Orleans. The masterful and convincing address of Senator Hoke Smith won the praise of even our competitors. It was generally admitted that this, with the untiring work of the senator in Washington, won for us over the larger city of New Orleans. Who can measure the financial pre-eminence given this state and section by having the federal reserve bank in Georgia? Any difference he may have had with the administration came from his fight for a market for the south's cotton. Right or wrong, he stood for Georgia first, last and all the time. Strictly from the best interests of the state, Georgia should keep Hoke Smith in the senate. His record of achievement entitles him to be sent back without opposition. If the Democrats win the fall elections, as we hope they will, his length of service and prestige in the senate would mean much for Georgia. Suppose, however, for a moment that the presidential election should go against us. With a Republican president and two relatively new senators, what chance would Georgia have for anything? Hoke Smith has made a faithful and able senator. Georgia owes it to herself to give him this endorsement. It's a sound business policy to retain tried and efficient men. Everyone knows that the longer the service in the United States senate the more influential the senator. Those states have had the most influence which have kept their senators longest in service. Senator Smith is just in his intellectual prime. Gladstone did his best work for England after he was sixty-five. At this time Georgia needs to pull together. It should avoid every unnecessary conflict and conserve all its energies to keep in the forefront as the Empire State of the South.

Twenty-Five of Dorsey's Friends Voted Against His Entering Senate Race

Dr. O. B. Bush, of Pelham, Who Attended Mansion Conference, Writes He Will Support Senator Hoke Smith.

Dr. O. B. Bush, of Pelham, legislative representative from Mitchell county, in a letter to The Journal, announces his purpose to support Senator Hoke Smith for re-election. Representative Bush was among those who attended the conference of Governor Dorsey's friends at the executive mansion on Saturday, which resulted in the governor's entrance into the senatorial race. Although he has never before supported or voted for Senator Smith, in any of his political races, Dr. Bush declares that he believes it the duty of Democrats to lay aside past political prejudices and unite on Senator Smith as a means of insuring the certain defeat of Thomas E. Watson.

Representative Bush denies the assertion of The Atlanta Constitution that the mansion conference was unanimous, and declares that twenty-five of Governor Dorsey's friends voted against his entrance for the senate, and a number frankly stated that he could not carry their counties. The race, as Dr. Bush sees it, is squarely between Senator Smith and Mr. Watson, and the votes that are cast for Governor Dorsey will, he says, simply help Mr. Watson. Dr. Bush's card follows: I have read in yesterday's Constitution the announcement of Governor Dorsey for the senate. A conference of about 100 of the governor's friends was held at the mansion Saturday. I would not refer to it, but it has already been given the place of honor in the statement made in The Constitution that the action of the conference, solicited by the governor to run, was unanimous. This publication does not state the facts. The action by the conference was seventy-six to twenty-five, and a number of those present expressed the opinion that the governor could not carry their counties. I did not think he should run, and I cannot support him. I

have always been a friend of the governor's and his warm supporter, but the race in my section is between Senator Hoke Smith and Thomas E. Watson, and the votes the governor gets will simply help Tom Watson. I have never cast a ballot for Hoke Smith, but I shall do so in the coming primary, and actively support him. There are a number of reasons why I shall take this course. I believe that Senator Smith is the best qualified man, by reason of his experience and ability to serve Georgia and Georgians in the senate at this time. He is certainly one of the biggest men in the United States senate, and his position on committees in the senate will enable him to be of vital value to Georgia in handling the problems immediately ahead of us. I also believe the race is between Hoke Smith and Tom Watson, and for this reason I hope all loyal Democrats may lay aside past political prejudices and unite on Senator Smith. I shall do everything within my power that is consistent and right to help bring about his re-election. Respectfully, O. B. BUSH, Pelham, Ga., August 2, 1920.

An interesting development of the campaign is the attitude of the Albany Herald, one of the staunchest Democratic dailies in Georgia and one of the most influential forces in the state. In the presidential primary, The Herald supported Attorney General Palmer, but, as is characteristic of its editor, it was scrupulously fair to Senator Smith. In the senatorial campaign, The Herald is aligned with Senator Smith, and frankly questions the wisdom and expediency of retiring from public life a man of such conspicuous ability in favor of either a "political parish" or a good man of mediocre ability. The following editorial reference to the senatorial campaign in The Herald of July 30th reflects the attitude of the paper: What shall I profit the people of Georgia to retire Senator Hoke Smith, a man of conspicuous ability who has served them well and has already won distinction as one of the leading figures in the United States senate, to have his seat occupied by a political parish or a good man of mediocre ability? BUSINESS RUSHED BY LOWER HOUSE

"Rehabilitation" Bill to Be Used for Vocational Training Victims of Industrial Accidents Is Adopted.

Going into high gear Tuesday morning, the house of representatives transacted much important business, the principal features being the enactment of the Atlanta street improvement bond bill; killing the constitutional amendment bill providing for the incorporation of the budget commission into the state constitution; enactment of a bill to increase the fees of ordinary in the county of 50,000 or less by 25 per cent, and other matters.

A bill by Mr. Owen, of Paulding, to increase the fees paid clerks in divorce cases from \$5 to \$10, was tabled.

Notice was given of a reconsideration of the Lamar county measure, and this matter will be brought before the house for the purpose of disagreeing to the committee report. The bill authorizing the acceptance of free passes by sheriffs and arresting officers while on active duty will also be brought before the house again on motion to reconsider.

"Heat Hog" Bill. The "heat hog" bills that were killed by committee action, will be placed again upon the calendar on motion of Mr. Stovall, of McDuffie, to bring the bills up on a resolution to disagree to the action of the committee.

A local bill by Mr. DeKalb county, by Mr. Guess, of DeKalb, requiring all candidates to run in a common primary, was passed.

A bill by Mr. Daniels, of Heard, authorizing guardians to make deeds for wards, was passed.

Among the new bills introduced was one by Mr. Guess, of DeKalb, providing for a charter amendment for Decatur, which will give that city a commission form of government and provide for the recall of city officials.

Afternoon Session.

At the afternoon session the house passed the bill of Mr. Johnson, of Bartow, known as the "rehabilitation" bill, appropriating \$25,000 to the state board for vocational education to be matched with a like amount from the federal government, the fund to be used for training vocational students injured in industrial accidents.

Diamonds as an Investment

Diamonds have always been one of the world's choicest possessions.

They have so generally been bought as a luxury by the rich that their value as an investment has been overlooked. Viewed on a purely commercial basis, however, they have been a splendid investment.

It should be remembered that when you invest your money in diamonds, you have the constant use of your investment. You wear your diamonds while they grow in value.

Diamonds of many grades and sizes will probably soon cost from 10 to 25% more than they brought a year ago. We ship diamonds on approval.

Attractive selling plans allowed.

Write for booklet, "Facts About Diamonds." It quotes net prices on all weights and grades.

The object of the bill is to carry out the plan of the federal government to save persons so injured for further usefulness and prevent their becoming a burden upon society. The bill was passed by a roll call vote of 125 yeas and 80 nays.

The house also passed without opposition the bill of Mr. Perryman, of Talbot, appropriating \$1,000 each for the years 1920 and 1921 to pay the salary of the state superintendent of prisons. While the legislature last year created the office, it failed to make any provision for its support.

A bill of Mr. Haynie, of Oconee, providing for the use of lots of fertilizer tags printed for the commissioner of agriculture until they are used up, failed for lack of a constitutional majority. It received 87 yeas and 13 nays. The law requires the use of new tags each year with the number of the year printed on them and the Haynie bill was intended to save the state the waste of tags left over at the end of the year.

Paul Warwick Made President—Action of Atlanta Post Against Watson and Hardwick Indorsed.

A resolution indorsing the stand of Atlanta Post No. 1, against Thomas E. Watson and Thomas W. Hardwick was passed Tuesday night at the meeting of the Atlanta Eighty-second Division association, which has organized former members of that division for the perpetuation of its memories and associations.

The passage of the resolution came after a heated debate on the propriety of such indorsement, the sense of the meeting finally resolving itself in favor of the resolution. It was not a political move, but a step non-partisan, toward support of true Americans.

A permanent organization was effected at the session Tuesday night, in the adoption of constitution and bylaws and the election of officers for the ensuing year. These officers are: Paul Warwick, president; George Harrison, vice president; R. E. Manning, secretary; J. H. Gilbert, treasurer.

The meeting was attended by a large number of veterans of service overseas and in America who at some time during its existence served with the division, and it is planned to hold in Atlanta, during the next few months, a reunion of the entire division, drawn as it is from all quarters of the country.

The resolution adopted indorsing the American Legion follows: "Whereas, the Eighty-second Division association of Atlanta, feeling that the principles of the American Legion, which is the largest post in the city, through commendation of the actions of its members, is a credit to the city, and whereas, the records of these two men stand the test of true Americanism; and whereas, their acts have been such as to brand them unworthy of the respect of true Americans."

It is hereby resolved, That we indorse the action of the Atlanta Post No. 1, of the American Legion, in their fight against Thomas E. Watson and Thomas W. Hardwick, upholding the true principles of Americanism.

Indorsement of the stand of Atlanta Post No. 1, of the American Legion, was also given Tuesday night by the William B. Coleman post of the legion, which is the second largest post in the city. Through commendation of the actions of its members, it is a credit to the city, and whereas, the records of these two men stand the test of true Americanism; and whereas, their acts have been such as to brand them unworthy of the respect of true Americans."

KEEPING A PLACE FOR UNITED STATES IN LEAGUE COUNCIL

San Sebastian, Spain, August 3.—"We are keeping for the United States her place in the council of the league of nations," said Dr. Gastes, director of the Brazilian ambassador to France, and representative of Brazil on the league of nations council, to the Associated Press today.

That place during the absence of American representatives is filled with the gratitude of the world for the role of America in the war," he added.

The ambassador declared Brazil was absolutely convinced of the benefits the league of nations would bring to the world in view of the sincere co-operation of the countries represented in the council. "All the Latin-American republics have given their complete and unreserved adherence to the organization," he asserted, "but what they cannot understand is the suggestion of a leading nation like the United States."

WOMEN APPEAL TO GOVERNOR COX

For Aid to Secure Suffrage Ratification in Tennessee—Rejection Is Feared.

Dayton, Ohio, August 3.—Another appeal for aid to secure ratification of the woman suffrage amendment in Tennessee was made today to Governor Cox, democratic presidential candidate.

Scott Baker, political chairman of the national woman's party, brought him reports that unless efforts are increased, Tennessee's legislature would refuse ratification.

Baker said that after weeks of work and a careful canvass of Tennessee legislators, rejection of the amendment appeared certain. She came here to exchange information on the Tennessee situation with Governor Cox and to ask him to press the suffrage cause more vigorously. She will go on a similar mission to Senator Harding.

The republican candidate, today or tomorrow.

Mrs. George Bass, chairman of the woman's bureau of the democratic national committee, has also reported, Governor Cox said, that prospects for ratification in Tennessee were unfavorable. The governor is expecting a report on the exact line-up on the legislature late this afternoon.

Governor Cox will be the guest of honor tomorrow and deliver an address at the annual picnic of the Gem City Democratic club of this city at Shiloh about ten miles north of Dayton. The governor said he did not expect to discuss national politics, but would deal principally with reminiscences of his state career.

Harbingers of Good Luck. Inspired apparently by reports of "Cox luck," which are proverbial in Ohio politics, harbingers of good luck are pouring in on the governor. He received today, a feather-weight horse shoe worn by Lou Dillon when she established the world's trotting record for a mile in two minutes flat at Haverhill, Mass., August 24, 1902, and a rabbit's foot from Texas. W. H. Gocher, of Hartford, Conn., secretary of the National Trotting association, sent the racing memento, and Decas Lamar West, of Waco, Texas, the rabbit's foot, which was mounted handsomely in gold. With the latter came a request that it be worn by Governor Cox in a convenient pocket, although the donor said there was no guarantee that it was "the left hind foot of a rabbit killed at midnight in a graveyard."

The historic telegraph receiving instruments, sent by Commodore E. Albert A. Le Master.

James Bowdlen. James Bowdlen, the little son of Mr. and Mrs. O. A. Bowdlen, of Fayetteville, Ga., died Tuesday morning at a private hospital. The body will be sent to Fayetteville, Ga. He is survived by his parents.

Mrs. J. D. Brown. Mrs. J. D. Brown, of 192 Ivy street, died Monday night at a local hospital. She is survived by one daughter, Mrs. Lonnie B. Branham.

AN OVERBURDENED WIFE

If the work that women do and the pains they suffer could be measured in figures, what a terrible array they would present! Through childhood, wifehood and motherhood woman tolls on, often suffering with headache, pains in the side, backaches and nervousness which are tell-tale symptoms of organic derangements which Lydia E. Pinkham's Vegetable Compound—made from roots and herbs—can undoubtedly correct. Women who suffer should not give up hope until they have given it a trial.—(adv.)

Keeps Hair In Curl On Hot or Windy Days

Here's a hair curling secret that is decidedly "worth while." Just apply a little liquid salerine before doing up the hair, using a clean tooth brush for the purpose, drawing this down the hair from crown to tip. In three hours you will have as beautiful curls and waves as you could wish for. The waves will look so natural no one will guess it was artificially acquired. And it will last ever so long, regardless of heat, wind or dampness.

You can obtain liquid salerine at any drug store and a few cures will last a long time. It is neither sticky nor greasy and is pleasant to use. It is doubly useful because of the saving as a beneficial dressing, keeping the hair soft, silky and lustrous.—(adv.)

CAUSE OF PAINFUL AND SLOW TEETHING OF BABIES

Baby usually cuts its first teeth soon after the fifth month. The time varies in different families and may be delayed by prolonged illness, but slow or painful dentition is generally caused by improper feeding, which produces indigestion, faulty elimination and undernourishment. This lack of nourishment causes slow formation of the teeth, and naturally much pain when they come through, as in later months baby's gums are harder.

If the baby is fretful, sleeps poorly, loses appetite and occasionally has a slight fever during teething time, indigestion is the cause, but care must be taken not to use strong, irritating drugs that cause inflammation of the delicate membrane of baby's stomach.

One of the best laxatives for teething babies is "Baby Ease," a perfected preparation by a baby specialist that is easy-acting, non-irritating, does not produce over-action or leave baby constipated. "Baby Ease" is a safe, harmless and efficient laxative and corrective. Use it and you will see a wonderful improvement in your baby, if not take him to a physician. Ask your druggist for "Baby Ease."—(adv.)

PITT'S CARMINATIVE
Safe as Mother's Arms

Grandmother gave Pitt's Carminative to her baby fifty years ago because she knew that it was wonderfully effective in the treatment of colic, cholera morbus, cholera infantum, sour stomach, dysentery and other infant stomach disorders.

Modern mothers today use it for the same stomach troubles of their babies, knowing that it is absolutely safe and contains no narcotics.

There is not a thing in Pitt's Carminative that will do baby any harm.
